

# INDUSCO Metal Garage Storage Cabinets Industrial Workshop Equipment Tool Management System

## Conventional model A-M

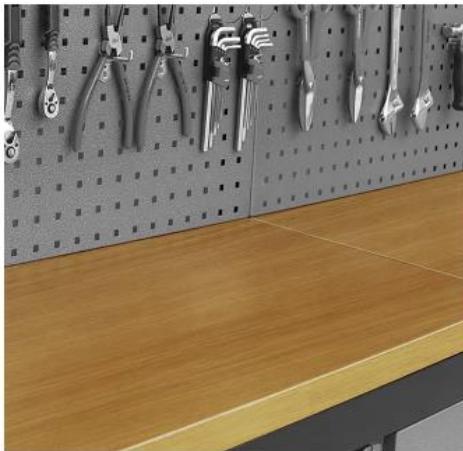

## Other style

## Detail Display

### Mesa material is qualitative

#### Woodiness mesa

Material thickness of 35mm, matte texture, thick and durable, thickened plate, smooth surface, strong and durable

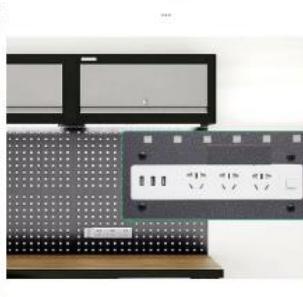

#### Stainless steel table

Material thickness of 35mm, can be used for dust-free science laboratory, thickened plate, smooth surface, durable

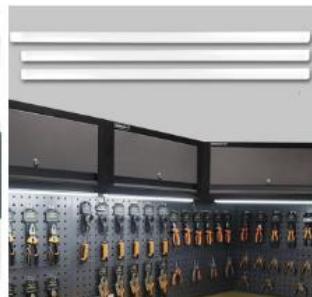

#### Drawer description

Steel ball guide rail single drawer bearing 30KG Industrial grade guide rail bearing capacity is strong

#### The socket describes

Include USB charging port upgrade GB socket module, easy to use

#### LED lights

Where does the magnetic absorption induction LED lamp need to be sucked

## Component parts size

**Model: DA-81-13**

Name: hanging board cabinet with lock  
External dimension of cabinet with lock: 135.7 \* 16.5 \* 111.7cm  
Inner dimension of cabinet with lock plate: 132 \* 14.8 \* 100.8cm  
Push and pull left and right, the built in hanging board can hang tools, it is not easy to lose tools when wearing a lock

**Model: DA-81-1**

Name: single door closet  
Length: 600mm  
width: 500mm  
height: 1950mm  
Partition size: 460 \* 595mm  
There are four detachable partitions in the single-door vertical cabinet, which can be adjusted vertically, and the cabinet is independently locked.  
The following picture shows the unfolding effect of da-81-1 tool cabinet

**Model: DA-81-10**

Name: clean paper / waste cabinet  
Built in trash can, perforated roll paper, storage drawer, large space capacity  
Specifications: 678 \* 500 \* 905  
 ① Inner dimension of garbage can: 210 \* 385 \* 425 mm  
 ② Can put paper towers within 290 mm in length  
 ③ Inner dimension of lower cabinet: 280 \* 415 \* 240 mm

**Model: DA-81-8**

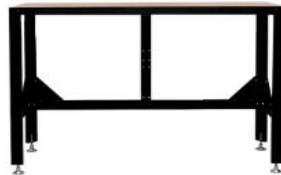

Name: door tool cabinet  
Specifications: 680 \* 500 \* 905mm  
Partition size: 460 \* 675mm  
It comes with a lock hole, a partition inside, which can be adjusted vertically, and a hanging plate is worth inside the two doors to facilitate hanging tools

**Model: DA-81-9**

Name: Six drawer tool cabinet  
Specifications: 665 \* 455 \* 750 mm  
Drawer size: 1-4: 565 \* 405 \* 50 mm  
5-6: 560 \* 405 \* 130 mm  
Large capacity, strong load bearing, central control integrated lock, easy to open and push  
Wheel height: 130 mm  
The following picture shows the effect of opening the drawer cabinet

**Model: DA-81-7**

Name: seven drawer tool cabinet  
Drawer size: 1-5: 560 \* 400 \* 50mm  
6-7: 560 \* 400 \* 130mm  
Large capacity, strong load bearing, central control integrated lock, easy to open and push

#### Model: DA-81-16

Name: corner cabinet  
Net weight: 36 kg  
Board thickness: 40 mm

#### Model: DA-81-15

Name: corner cabinet  
Net weight: 16 KG

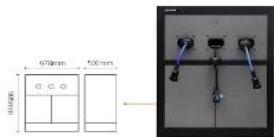

#### Model: DA-81-19

Name: workbench  
Size: 1355 \* 500 \* 872 mm

DA-81-31

Pure hanging board  
Single drawer  
Aluminum shutter,  
easy to open and take,  
perforated tool panel, hanging tools

DA-81-23

Air drum cabinet  
Size: 678 \* 500 \* 905mm

DA-81-27

Three drawer tool cabinet  
Size: 680 \* 500 \* 850mm  
Drawers of different sizes meet  
the space requirements of tools of  
different sizes  
Drawer 1-3: 565 \* 405 \* 50mm  
Cabinet 4: 675 x 480 x 460mm
